URBAN unveils the City and its secrets

The URBAN Photo Awards is now in its 15th edition and is a significant event in the international photography scene. It is organized by the cultural associations **dotART** and **Exhibit Around APS** of Trieste, with the aim of exploring and celebrating the complexity of urban life. The competition offers a platform for professional photographers and enthusiasts worldwide to showcase their work.

The images submitted tell stories of society, authentic experiences, and often overlooked urban spaces. Each photograph has the power to reveal the contradictions of our time, capturing touching moments and apparent banality.

The international **jury**, chaired by leading figures such as **Harry Gruyaert**, **Adam Pretty**, and **Paul Gadd** in 2024, includes industry experts and museum curators, adding prestige to the competition. Renowned photographers such as **Martin Parr**, **Susan Meiselas**, **Bruce Gilden**, **Alex Webb**, **Nino Migliori**, **Paolo Pellegrin**, and **Jérôme Sessini** have participated in the competition, ensuring that each work is evaluated with care and expertise.

The competition allows artists to express their personal styles in different categories, contributing to a celebration of creativity and innovation in photography. The award ceremony takes place during the **Trieste Photo Days** - International Photography Festival, where the works are exhibited to the public, creating a dialogue between artists and spectators.

This year, URBAN Photo Awards introduces the **Artistic Sensitivity Award**, recognizing exceptional photographs from both an emotional and visual point of view, along with the "**Patricia D. Richards Legacy Award**" for photographers under 35 in the Projects and Portfolio category.

With over 17,000 entries, including more than 550 projects and over 150 photobooks and zines, the competition attracts participants from all over the world, demonstrating the breadth and variety of contemporary artistic visions.

The **volume** "URBAN unveils the City and its Secrets", vol. 10" presents a curated selection of images - divided into categories such as People, Spaces, Creativity, and Streets - capturing the essence of urban life and revealing the mysteries of a city in constant evolution.

URBAN svela la Città e i suoi segreti

Il **URBAN Photo Awards**, giunto alla sua 15^a edizione, rappresenta un punto di riferimento nel panorama della fotografia internazionale. Organizzato dalle associazioni culturali **dotART** ed **Exhibit Around APS** di Trieste, questo concorso si propone di esplorare e celebrare la complessità della vita urbana, offrendo una piattaforma di visibilità per fotografi professionisti e appassionati da tutto il mondo.

Le immagini partecipanti raccontano storie di società, esperienze autentiche e spazi urbani spesso trascurati. Ogni fotografia, racchiusa in un attimo, ha il potere di svelare le contraddizioni del nostro tempo, oscillando tra momenti toccanti e apparente banalità. Attraverso la magia della luce e del colore, queste opere stimolano riflessioni profonde e possono apparire sorprendentemente oniriche, rivelando mondi paralleli catturati in un'unica inquadratura.

La giuria internazionale, presieduta nel 2024 da figure di spicco come **Harry Gruyaert**, **Adam Pretty** e **Paul Gadd**, e composta da esperti del settore e curatori di musei, conferisce ulteriore prestigio al concorso. Negli anni URBAN ha visto infatti la partecipazione di noti fotografi come **Martin Parr**, **Susan Meiselas**, **Bruce Gilden**, **Alex Webb**, **Nino Migliori**, **Paolo Pellegrin**, **Jérôme Sessini**, assicurando che ogni opera venga valutata con attenzione e competenza.

Nel corso del concorso, gli artisti possono esprimere i loro stili personali in diverse categorie, contribuendo a una celebrazione della creatività e dell'innovazione nel campo della fotografia. La cerimonia di premiazione si svolge durante il **Trieste Photo Days - Festival Internazionale di Fotografia** (11^a edizione 2024), dove le opere vengono esposte al pubblico, creando un dialogo tra artisti e spettatori.

Quest'anno, **URBAN Photo Awards** introduce il **Premio Sensibilità Artistica**, riconoscendo fotografie eccezionali sia dal punto di vista emotivo che visivo, insieme al "Premio Patricia D. Richards Legacy" per i fotografi under 35 nella categoria **Progetti e Portfolio**. Con oltre 17.000 iscrizioni, inclusi più di 550 progetti e oltre 150 libri fotografici e zines, il concorso attira partecipanti da tutto il mondo, dimostrando l'ampiezza e la varietà delle visioni artistiche contemporanee.

Il volume "**URBAN svela la Città e i suoi Segreti, vol. 10**" presenta una curata selezione di immagini - suddivise in categorie come **Personale**, **Spazi**, **Creatività** e **Strade** -, un collage visivo che cattura l'essenza della vita urbana e svela i misteri di una città in costante evoluzione.
